

Changes to our Super Precinct made by the 2025 round of redistricting.

The new 2025 map subdivides precinct 396 (at the top of the map) to create new precinct 398, carving out the geography next to Lake Travis as its territory.

The reduced-size precinct 396 has been moved to Congressional District 11, while new precinct 398 remains in Congressional District 10 with Lago Vista precincts (280, 281, 282) and Jonestown precinct (395). The Republican legislators' intent appears to have been to spread the Republican leaning voters in old precinct 396 between Congressional Districts 10 and 11.
